

ME Micro Switch B

Me Micro Switch is a physical switch. It sends a signal to the controller when it is triggered.

Features:

- Small and easy to mount
- Cable included, no soldering needed
- Comes with Arduino library for easy programing
- Acrylic bracket to attach these switches to makeblock components

Specification:

- Rated voltage:250VAC
- Rated current: 5A
- Switching Life: 1,000,000 cycles min
- Dimension:Length:20mm Width:6mm Height:24mm
